## *Build* your own
RESALE EXPERIENCE:

Turn no-shows into margin and enhance your passenger experience, for each of your flights.

Can't travel anymore? You can resell your ticket in just a few clicks

Get a voucher and apply it toward a new trip.

Try to resell

Manage my resale

Resell your reservation in 3 steps

1

Search for your booking
Find your booking by entering your name and booking number.

With Fairlyne SeatResale, launch your **own white-label resale program**, fully integrated into your ecosystem.
Encourage passengers who can no longer travel to notify you in advance and request a resale.
When demand is high, **recover their seat**, **resell it at a higher price**, and **compensate** them, only when it's **profitable**.

You stay in **control** via the **Fairlyne Cockpit**: define eligibility, rules, and pricing in real-time, and monitor performance with full visibility.

Optimize load factors **flight by flight**, increase revenue, and turn a pain point into **loyalty**.

Why choose Fairlyne:

Boost your RASK: recover and sell seats twice when profitable

Customer first: offer your no-shows passengers a way-out

Fully controlled: with a dedicated cockpit, set and control your own rules

Light integration: quick setup, white-label, PSS-agnostic

Loyalty & retention: retain with vouchers or loyalty points

Complementary with your **overbooking strategy**
